MEETING FACILITIES

THE HOLBROOK

Conveniently located immediately adjacent to the hotel lobby, this dynamic event space accommodates both large and intimate gatherings. Mosaic patterned carpet, exposed brick walls, and decorative moldings contrast rugged with refined. Effective presentations are accomplished with ease due to the high definition monitors, in-house sound system, and full AV connectivity. The Holbrook room features natural light, an entry foyer to accommodate registration or breaks, and vintage doors which open to reveal a private courtyard.

COURTYARD

The courtyard culture is a vital part of the unique destination that is New Orleans. Secreted within original brick walls and abundant foliage, a black-and-white patterned tile fountain frames a Venus-inspired original sculpture by local artist Brent Barnidge. The Garden Courtyard entices guests to enjoy a relaxing cocktail beneath gaslight lanterns and shaded by a pergola with cooling ceiling fans.

THE PRESS ROOM LOUNGE

Located in the heart of the hotel, this comfortable library-styled lounge reflects the literary heritage of our historic building. Highlighting the building's ties to The Daily Picayune newspaper, sourced antiques, books, typewriters, and other collectibles fill the numerous shelves. Plush leather and velvet seating draws guests to relax by the marble fireplace. This setting is ideal for social gatherings, receptions, and networking breakfasts.

COUVANT PRIVATE DINING

Housed within the original factory that manufactured the famed Peychaud Cocktail Bitters, Couvant combines classic New Orleans style and French flair into a vibrant dining and gathering space. Rough-hewn brick walls, industrial fixtures, and an intimate fireplace ensure a most unique and authentic New Orleans experience.
